

HÅG Conventio®

Wake up.
Without a single drop of coffee.

The bad news: meetings and conferences can be extremely static and tiring. The good news: they don't have to be any more. HÅG Conventio has been specially designed for meetings and conferences and encourages varied sitting positions and movement. This releases energy and helps keep

your mind clear and focused, even during less interesting meetings. Sit down and wake up. HÅG Conventio is well suited as a general purpose chair for conferences, schools, universities, libraries, canteens, cafés and hotels.
